Location :- LAND NORTH WEST OF Date Returned :- 01/05/2019  
WOODSTOCK R  
WOODSTOCK ROAD  
WITNEY  
Proposal : RESUBMISSION: outline application for the erection of up to 200 residential dwellings and associated vehicular; pedestrian and cycle access, related highway works, drainage and landscape works including provision of public open space (amended).  
Observations : The Town Council recalls previous discussions with the environment agency concerning the creation of a bund to ease flooding and would like to see this included and would request that the concrete pillars involved in the West End Link Road are wrapped in grass to ensure they are in keeping with the AONB.  
The Town Council also requests the provision of a primary school to be included with the plans, and also a GP surgery and funding for a third secondary school at West Witney to free up spaces at Woodgreen School.  
The Town Council asks that instead of several small play areas, one larger play area is provided by the developers capable of taking a MUGA, pavilion and football pitch and would request a 3G pitch to be included. The reservoir/bund should be able to incorporate a model boating lake.  
The junction design should include a central island for a right turn onto Hailey Road.  
The Town Council also requests that adequate cycle and foot paths to link to the town centre are included.  
The Town Council requests that all houses are fitted with three phase electrical supplies to enable electric vehicle charging points to be fitted. High speed fiber optic broadband should also be enabled.  
Finally the Town Council requests the provision of bus stops and shelters as appropriate.
