

BUNTING CHALLENGE

You Will Need:

Cotton / Non-stretch fabric

25mm Bias binding tape

Sewing machine or needle and thread

All-purpose sewing thread

Fabric scissors

Iron

Pins

Pinking shears (optional)

Double-sided Bunting Flags Steps:

1. Trace the template provided and cut out triangles of fabric
2. Place two triangles right sides (RS) together and pin in place
3. Stitch the two triangles together using a 3/8" seam allowance, but leave the top edge open
4. Trim the seams at the lower edge and bottom point to help the flag lay flat
5. Turn the triangles RS out and press flat. Repeat this process to make the other flags.

Assembling the Bunting:

1. Fold and press the cotton tape in half lengthways with the wrong sides (WS) together
2. Pin one flag inside the tape up to the fold, leaving some tape at the end for hanging
3. Pin the rest of the flags inside the tape, positioning them 10cm (4in) apart
4. Topstitch along the tape to keep it folded and hold the flags securely in place
