BRIEF NOTES ON THE APPROVAL, INSTALLATION AND ALTERATION OF MEMORIALS.

- 1. GENERAL
- 1.1 No form of memorial is permitted unless Exclusive Rights to the plot has been purchased.
- 2. DESIGN
- 2.1 Memorials shall be of natural quarried stone and no part of the memorial shall protrude beyond the area covered by the foundation slab.
- 2.2 The reverse or the side of the headstone or base stone must be inscribed with the grave section and identification numbers only.
- 2.3 A vase may be incorporated in the base stone, subject to it being completely within the overall permitted dimensions.
- 3. APPROVAL
- 3.1 A completed application form must be submitted for approval before a memorial can be installed or altered, together with the appropriate fee.
- Following receipt of approval in writing the mason may proceed, but 24 hours notice must be given before any visit to the cemetery.
- 3.3 Memorials must not be installed on a new grave until a minimum period of twelve months has elapsed from the time of interment.
- 4. INSTALLATION
- 4.1 Upon arrival at the cemetery contact should be made with the Foreman before any work commences.
- 4.2 Memorials which fail to match the approved design or fail to comply with the regulations may be rejected.
- 4.3 The base stone must be securely fixed on a standard sized reinforced concrete foundation slab with the headstone in alignment with adjacent memorials, in accordance with the latest code of working practice of the National Association of Memorial Masons.
- GENERAL SAFETY AND TIDINESS
- 5.1 All work shall comply with the provisions of the Health and Safety Act and the Mason responsible must have valid public liability insurance.
- 5.2 All surplus materials should be removed from site, leaving the area clean and tidy. Turf and soil must be removed to a place directed by the Foreman.
- Any memorial erected without full approval or without due notice may be taken down and removed from the cemetery at the expense of the Mason concerned.
